STRATEGY DINNER

Shortening Development Timelines and De-Risking Commercialization of Therapeutics in Prefilled Syringes

Join industry leaders for an exclusive dinner focused on strategies to shorten development timelines and mitigate commercialization risks for therapeutics in prefilled syringes (PFS). Discover actionable insights on overcoming formulation, manufacturing capacity, regulatory, PFS development and supply chain challenges that uniquely impact combination products. Benefit from expert discussions with CDMO and PFS device part development partners, sharing real-world solutions for accelerated market entry and robust compliance. Engage in high-level networking, exchange ideas, and gain fresh perspectives that will empower your organization to advance innovative therapies efficiently and confidently. Position your team at the forefront of injectable drug delivery innovation.

AGENDA:

18:00 – 18:45 Registration, Networking & Cocktails

18:45 – 20:30 Dinner & Discussion

20:30 – 22:00 Closing Remarks and Networking

VENUE

OCEAN PRIME

SEAFOOD • STEAKS • COCKTAILS

KEY OPINION LEADERS:

Tom Thorpe — Chief Executive Officer, Afton Scientific, LLC

Tom Thorpe has over 40 years of professional experience in pharmaceutical operations, entrepreneurial initiatives and corporate finance/investment banking. He is currently the CEO of Afton Scientific Corporation, a cGMP contract manufacturer of sterile drugs and products for use in new drug development and FDA approved commercial drug production.

Katie Falcone — Director - Technical Services (TCS), Integrated Systems, West Pharmaceutical Services

Katie Falcone is a seasoned professional with over a decade of experience in the pharma/biotech industry, specializing in parenteral packaging. As Director of Technical Services (TCS) for the Integrated Systems team at West Pharmaceutical Services, she leads technical collaboration by leveraging her expertise to drive customer success, enable data-driven decision making, and deliver innovative drug delivery solutions.

ABOUT AFTON SCIENTIFIC:

Afton Scientific is a U.S.-based CDMO with over 20 years of experience in the aseptic fill-finish of injectable drugs. We support both clinical and commercial programs, working across small and large molecules with the flexibility to meet unique project needs. Our customer-first approach and global regulatory compliance are rooted in responsiveness, transparency, and a culture of collaboration. With operational excellence and continuous improvement at our core, we're proud to deliver dependable, flexible sterile manufacturing services that grow with our customers and the patients they serve.

ABOUT WEST PHARMACEUTICAL SERVICES, INC.:

West Pharmaceutical Services, Inc. is a leading provider of innovative, high-quality injectable solutions and services. As a trusted partner to established and emerging drug developers, West helps ensure the safe, effective containment and delivery of life-saving and life-enhancing medicines for patients.
